OBJECTIVE

I seek challenging opportunities where I can fully use my skills for the success of the organization.

EDUCATION

2014	Peniel matriculation higher secondary school S.S.L.C 76%
2017	Panimalar polytechnic college Diploma in electronics and communication engineering 93%
2020	Panimalar institute of technology B.E in electronics and communication engineering 6.5

SKILLS

- Operating System :Windows 98 / XP / 7/8/10/ Linux
- Package: M.S-Office
- Front end skills: HTML, CSS, JavaScript, bootstrap

PROJECTS

- **EMBEDDED BASED AUTOMATED VENDING SYSTEM**
The purpose of this project is to provide a fast and safe environment for Ration card distribution. Instead of ration card the tags are provided to each User. The card reader is used to read the tag of every consumer details. The keypad is used here to enter the quantity level they need.
- **WIRELESS REAL TIME HEALTH ASSIST SYSTEM FOR RURALS**
Thus in this project we have constructed a prototype of a real time health assist System. Where the system act as an ATM. The patient can use this system easily it is user friendly. The Patient can interact with the doctor with their native language through video call. To overcome the lack of doctors and medical facilities in rural villages this system is used. The proposed prototype via this research paper can be used for developing effective healthcare for humanity for village ecosystem.

LANGUAGE

- English
- Tamil
- Malayalam
- Hindi

INTERESTS

- Video editing
- Surfing through internet
- Web design

PERSONAL DETAILS

- Date of Birth : 24/09/1998
- Marital Status : Single
- Nationality : Indian

HOBBIES

- Listening music,
Drawing,
Dancing,
Surfing internet, Blogging,
Experimenting new stuffs

PERSONAL STRENGTHS

- Communication skills
Flexibility and Adaptability.
Learning agility: Quick learner.
Tolerance: Stress tolerance.
Motivating people and self-motivated
